

# Knee Limitation of Flexion Secondary to Ankle Limitation: Summary and Worksheets

Your own working pages. These are your notes in your own words. They are not a VA form, they are not sent to the VA, and nothing here is a medical finding or a prediction about your claim. The full guide, with the research, charts and sources, stays on the website.

---

## Start with the essentials

### 01 Service Connection

The ways a secondary connection can be established for this pairing.

### 02 Diagnosis and Evidence

Common symptoms and the evidence cited in published Board appeals.

### 03 Your History

What you experienced, what others observed, and what treatment changed.

## Prepare: your own working pages

Optional. These are your own notes, in your own words. They are not a VA form, they are not sent to the VA, and nothing here is a medical finding or a prediction about your claim.

Three reminders while you prepare ×

#### 1. Keep the two conditions separate

Record the history, diagnosis, symptoms, and treatment for Ankle Limitation and Knee Limitation of Flexion separately before describing the possible relationship. Go to this part

#### 2. Ask about causing and worsening separately

A clinician may need to address whether Ankle Limitation caused Knee Limitation of Flexion, whether it worsened it, and what other explanations the record shows. Go to this part

#### 3. Build the timeline from records you have

Mark missing or unverified records honestly. Research from published Board decisions describes the record reviewed; it does not predict an individual claim. Go to this part

## Two-condition timeline

—

Ankle Limitation: diagnosis, symptoms, treatment, and service-connected history

---

---

---

---

Knee Limitation of Flexion: diagnosis, onset, symptoms, and treatment

---

---

---

---

When the second condition began or changed, and what records show at that time

---

---

---

---

## Knee Limitation of Flexion: symptoms and daily function

—

Symptoms, findings, frequency, duration, and changes over time

---

---

---

---

Effects on work, sleep, mobility, relationships, and ordinary activities

---

---

---

---

Testing, treatment, medicines, devices, and response

---

---

---

---

## Provider questions about the relationship

—

Questions and records about whether Ankle Limitation caused Knee Limitation of Flexion

---

---

---

---

---

Questions and records about whether Ankle Limitation worsened Knee Limitation of Flexion

---

---

---

---

---

Other explanations, baseline history, treatment effects, and missing evidence the provider should consider

---

---

---

---

---

## Records and unanswered questions

—

Record, date, source, and page if known
